

KOY – Luxury Far Infra Sauna

Unlike any other sauna, KOY Far Infrared Sauna optimizes your health, home, and lifestyle easier and smarter. Our technology manages the sauna, your schedule, and your self-care. KOY Far Infrared Sauna’s pre-set programs give you the optimal dosages of far, mid, and near infrared light energy, and now also red light therapy, in the quiet, comfortable peace of this wellness sanctuary. Select specific health programs or customize your own, and connect the sauna to your routine and lifestyle.

CE Certified

KOY Saunas are designed to be modern yet timeless, our products utilize only the finest materials and are engineered to last, creating the perfect balance of aesthetics, strength, comfort and healthy life.

A healthy lifespan is within reach.

LONGEVITY

Feel younger, longer. Many of the health benefits of Sunlighten infrared therapy have been shown to lower biological age at the genetic level.

DETOXIFICATION

Sweat better. It’s one of the body’s safest and most natural ways to heal and maintain good health. KOY Saunas high-quality infrared promotes effortless, deep, productive sweat.

IMMUNITY

Stay healthy. The natural preventive properties of KOY Saunas heating technology helps your cell health and overall immunity.

HEART HEALTH

Strengthen your heart. Infrared therapy acts like a passive cardio workout, which helps your heart by improving circulation and even helping to reducing blood pressure.

WEIGHT LOSS

Increase metabolism. Burn calories. Far infrared wavelengths in all KOY saunas create a passive workout, stimulating sluggish metabolism and improving fat burning.

Surround Yourself in Superior Quality

Each beautiful KOY infrared sauna is crafted with premium, hand-selected wood using flawless construction and innovative technology, a level of detail unmatched in our field.

Innovative Technology

Not all infrared is the same. KOY Saunas delivers the highest quality and quantity infrared energy for clinically-proven, effective health benefits. It’s a lifestyle intervention that contributes to decreasing biological age.

Utmost Safety

From our eco-friendly, non-toxic Hemlock Wood with low EMF heating technology, all materials we source meet the highest safety standards for your infrared sauna.
